

Dear brothers and sisters:

With great joy and into the Year of the Family, I want to share with you that the Holy Father Francis has signed the Decree by which our dear Servant of God Enrique Ernesto Shaw, lay Christian, father of a family, exemplary husband and businessman has been declared Venerable. Enrique, originally from a military background (Argentine Navy) knew how to integrate the baptismal evangelical response of holiness into his daily life.

This date is a happy coincidence, since it's a cause that has begun Archdiocese of Buenos Aires, and both in it and in the Diocese of Cagliari, Italy, today the Mother of God is celebrated under her invocation of the Buenos Aires.

In this context of gratitude, I would also like to ask you to with the prayer, since from now on in Rome a presumed miracle attributed to the intercession of Venerable Enrique Shaw will be studied.

This important step has been taken in the c process. We are deeply grateful for this, and we renew our confident prayer for the Glory of God and the good of our people. May he soon be beatified and canonized!

I propose that we pray the following prayer, together, daily:

Oh God, your servant Enrique gave us a joyful example of Christian life through his daily work in family, work, business and society. Help me to follow his footsteps with a life of union with you and a life of Christian apostolate. Deign to glorify him and grant me through his intercession the favor I ask you...

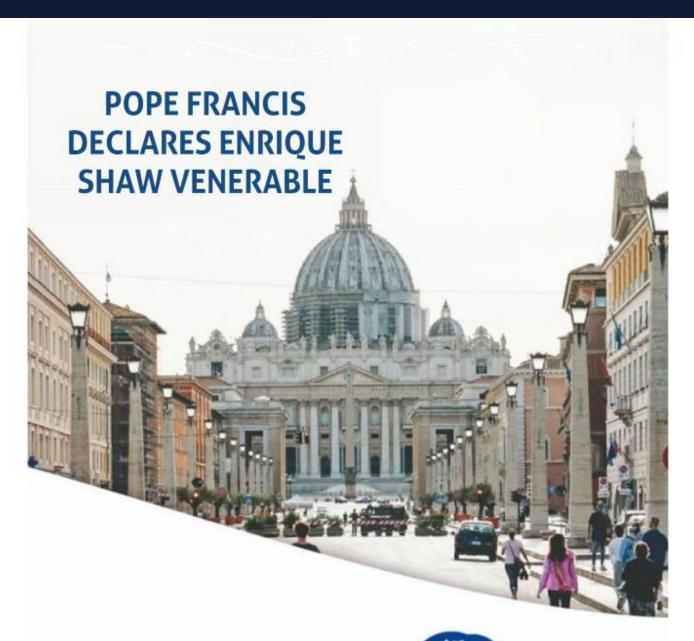

Through Jesus Christ Our Lord. Amen.

In communion of prayers, I give you my blessing,

+Bishop Santiago Olivera Delegate for the Causes of the Saints

The businessman that humanized business

Shaw demonstrated his eagerness to want to live in the service of others, with effort and dedication. He chose the path of humility, accompanying employees not only in work but alsoin human matters.

His occupation went beyond work, his vision was deeper, and he had a convincing personality. Seeing his employee's needs, he promoted the enactment of the family allowance law and launched on his own a pension fund to provide medical services, emergency loans and health benefits.

With his vocation and dedication he knew how to promote and encourage the human growth of his workers, inspired by the Social Doctrine
